

Benefits of joining Procircular

We are a 100% customer-oriented PRO

All packaging in a single PRO

We are definitively authorized for household, commercial, and industrial packaging.

Simplify management and save internal costs

By simplifying management, we want to save you time and money

Team of professionals

With a team of renowned professionals at your service with extensive experience in household packaging EPR and WEEE.

International support

Backed by the Reclay Group with more than 20 years of experience operating packaging PROs in 9 markets.

Operations and fees: Simplification of procedures

- **No affiliation fee**
- **A platform to have all EPR at your fingertips with a single click.**
- Detailed declaration using Excel as a working basis, preparing the declaration will be simpler
- **Simplified declaration** for clients < 15t
- Based on the declaration information, we provide the **information for the RPP** and, if you empower us, we upload it to the registry on your behalf.
- Based on our declaration, you can obtain the **information about the contribution to the PRO per product unit to include in the invoice.** Saving resources to adapt internal systems to obtain the information.

- **Simplification of audit procedures:** frequency and scope of work assigned to the auditor
- **Flexibility in payment method:** quarterly or monthly chosen by the client
- **Prevention plans at competitive prices**
- **Account manager** to address your needs

We want to recover more packaging and of better quality

Do more with less

- **Competitive fees** in all waste streams: household, commercial, and industrial.
- **Recover waste fractions that are not currently recovered.**
- **Greater availability of quality material** for producers.
- Open to developing **ad-hoc solutions** for sectors with specific needs
- **International benchmarking** oriented to implement improvements that save operational costs.

Additional advantages

- 1 — An open and transparent PRO in decision-making**
You can participate in decision-making without being a shareholder or partner of the PRO.
- 2 — We help you comply with EPR in other international markets**
International platform to have all EPR at your fingertips with a single click.
- 3 — Looking ahead to 2030: European Regulation, packaging recyclability, and the deposit return system (DRS)**
 - Knowing the real recyclability of your packaging is the starting point.
 - Developing solutions to ensure 70% recyclability of your packaging.
 - A flexible PRO that works to respond to the challenges of producers in waste management.
 - With international experience for the design of an efficient DRS.
