

How to report IBC?

IBC/GRG is declared as packaging type: Cage, container (IBC, IBC, GRG) It should not be declared as composite packaging; instead, a separate line must be declared for each material comprising the entire packaging: plastic, wood, and metal In the following example, the following considerations are made:

- There are no multi-materials.
- The volume capacity is one cubic meter.

Packaging Declaration Template

Mandatory for all declarations
 Mandatory for detailed declaration only (>15 tonnes)
 Complete only if applicable
 Mandatory only for reusable packaging

Mandatory	Mandatory detailed	Optional	Optional	Mandatory detailed	Mandatory	Mandatory	Mandatory detailed	Mandatory	Mandatory detailed	
Tax ID (NIF)	Item Reference (grouping of packaging formats)	Additional Item Info (EAN, SKU...)	Item Description	Type of Contained Product	Flow	Type of Use	Packaging Function	Packaging Type	Weight or Volume of product in the packaging (ml or g)
